Subject: ROC LTO winter-run I&S critical habitat table

Jeff,

For the w-r critical habitat summary table, I didn't see DCC routing or exports from the south Delta pumps listed as stressors. Those should be included, right?

Take a look at the CH table in this file to see what I'm talking about. I added a comment to you on this. Let me know what you think.

R:\Draft BiOp\2_ESA\2.8-2.9 Integration and Synthesis and Conclusion\
2.8 Integration and Synthesis ELLROTT WR V2.rd bje-GY

Thanks,
Brian
