Subject: some salvage/loss data, FYI
Attachments: ROC Delta Salvage Analysis 20190517 DRAFT_steel calcs.xlsx; 2019.01.16_Cumulative seasonal loss on biweekly basis approach_WRonly.xlsx; Daily Salmonid Loss_from ICF_plus WY2018 WR_WY2010-2018_ROUGH.xlsx

Most of ROC Delta Salvage Analysis doc came from Reclamation. I made the "Steelhead 2010-2018" tab by copying over the "Steelhead salvage.DAT" tab and limiting to 2010-2018. Using this, for now, to explore Delta salvage measures.

Other two files date from WIIN discussions during the furlough. "Cumulative seasonal loss..." focuses on winter-run data (data from ICF; excerpted from "Daily salmonid loss..." file); "Daily salmonid loss..." file has all salmonid data from ICF.
