Subject: Supplemental Delta effects

Jeff, my cut is saved on the ROCON drive as: 2.5 and 2.6 Delta Effects V15 MASTER srb_BB.doc

Edits are at:

Effects to spspecies:

- p. 79 -- caveat for "old" OMR management analysis
- p. 83 -- caveat for "old" South Delta ops analysis
- p. 151 -- start of supplemental Delta analysis section (

Effects to CH

- p. 239 -- DCC tweaks
- p. 245 -- edit to CVP/SWP Export facilities row in CH for salmonids table
- p. 252 -- edit to edit to CVP/SWP Export facilities row in CH for GS table

Looked at but didn't edit -- do you think we need to edit? Effects are very qualitative, so not sure the qualitative assessment changes...

p. 226 -- Table 2.5.5-61 (DCC effects)

p. 232 -- Table 2.5.5-66 (South Delta Export operations) on p. 232
no page ref -- I did NOT add a new effects tables for HOR scour hole

p. 244 -- DCC Gate ops row of CH table

p. 249 -- Export effects on GS habitat
