Subject: American R status

Hey Brian,

I updated the American River Division effects with everything I can easily identify. There's a few CDEC tables that Cathy has farmed out and hopefully those are finished soon. I added a draft stressor table and an I & S table in the folder (very preliminary, change as needed). Everything is here-

R:\Draft BiOp\2_ESA\2.5-2.6 Effects of the Action\American River Division

Have a good weekend

Joe
