Subject: Re: revisions to your slides -- prelim draft FYI
Attachments: Joe slides_revised 2.pptx

Hi Barb,

Made another revision to simplify/clarify the approach. One major thing I forgot to mention is that I'm assuming these loss estimates are wild steelhead.

Thanks

Joe

FYI -- note that the replacement of the SR numbers with numbers adjusted for incorrect LAD assignment really drops the pop level effect.

Attached are:

1. revised slides (didn't yet drop into master presentation because I might play with a bar chart tomorrow)
2. Update loss data with SR adjustment and pop scaling calculations
3. SR adjustment approach, FYI.
