Hi Evan,

This is the latest GS I&S-

2.8 Integration and Synthesis GS V5-JH-to reviewers-do not change

Hey Brian, Joe,

Can you point me in the right direction as to where/which version of the I&S sections have the most recent version of the I&S tables? I'm obviously behind but I need to crosswalk those tables to changes made in the effects section. If you could just identify the file name that I should work off of that would be great.

Thanks,  
Evan
