Lori,
Please see and share attached NMFS edit to subject document per my notes from the Directors discussion yesterday and for legal review. I have only edited to capture precise words and terms used at the meeting.

Lori,

Based on today's discussion, please find attached suggested refinements to the Delta performance objectives in track changes for your legal review.

Thanks,
Russ

Good Morning Lori,

Per Reclamation's ongoing request for legal advice, please review the attached draft revisions to the ROC on LTO Proposed Action that aim to incorporate performance objectives we've discussed to date. Our approach was to revise the Proposed Action text to see how it may take shape in the actual document, rather than producing another/stand alone document. Also attached is the analytics behind the performance objectives in the Upper Sacramento.

I'm available anytime today if you would like to discuss.

Thanks,
Russ
