Subject: Fall-run Chinook salmon info for SRKW analysis

Dan -- Greetings and so glad to have you on the ROConLTO team! Howard asked me to make sure you have access to CDFW's Grandtab information. As you are probably already aware, a link to GrandTab and also to some Klamath/Trinity info is available at: <https://www.wildlife.ca.gov/Conservation/Fishes/Chinook-Salmon/Anadromous-Assessment>

For an Excel version of GrandTab, you should contact Jason Azat (CDFW) at jason.azat@wildlife.ca.gov or 916-204-7898.

Seth Naman mentioned in his sufficiency review the need for "SSS Chinook population modeling" for the Trinity and lower Klamath. I'm not familiar with that model so please follow up directly with Seth or Justin for possible sources of that info.

Barb
