**Attachments:** green sturgeon table 5 all years.xlsx

Hi Barb,

Attached is an excel spreadsheet of compiled Table 5 green sturgeon data. Is this what you were after? Do you also want a compiled table of monthly catch totals (including non-measured)? Apparently only 1/3 of anglers turned in their report cards, at least for 2016 and 2017. And I'm guessing not all anglers can properly ID green sturgeon, so there's some room for error.

Kristin

In that case, I have 2018.

How are your sections coming? I finished mine over the weekend. Let me know if I can assist in any way.

OK. Remember the 2018 report is for the 2017 season!

Thanks Jeff. I have the 2007-2015 report cards from when I worked on the in-water work window paper, and see the 2016 and 2017 reports on the CDFW website. But if you have a 2018 report, I'll take it!

Kristin, do you have all of the report cards? If not I can send you what you don't already have.

**Jeff** -- Kristin is pulling any green sturgeon reports from "Stockton to HWY 140 bridge" form all the green sturgeon report cards. If you already did that when you pulled data for the Delta, please share it with her.

**Kristin** -- See subject section on p. 15-16 of: NMFS Biological Opinion \_\_JSS\_Delta\_ver1\_32819, attached

I don't need a box and whisker chart (since will just be a few, a table or bar chart seems fine), but this is a good place to grab the text with all associated citations!!! (Thanks, Jeff!).
