I corrected the two cross references in track changes. They just need to be "accepted."

V15 MASTER is the one to use (already cleaned up the Delta folder), with 2 provisions:

Susan, I think the answer might be "none of the above". Garwin, should we be using the peer review version with the final few tweaks from the Saturday meetings? If so, I can copy that over and give it a V15 MASTER title.

Hi Barb and Jeff -

I'm getting ready to insert references into the Delta section. There are two documents Labeled:

2.5 and 2.6 Delta V14 MASTER--clean--revisedBB_COMPLETE

One of them was saved yesterday 6/3 so that would lead me to believe it was the most recent.

HOWEVER, the other has _JSS added at the end and was saved on 6/2.

Please let me know which one I should be working in.

Thank you.

Susan
