Subject: summary of elevation positions

Sorry folks, forgot to attach the summary of agency positions. Also just saw that Russ sent out a revised agenda also. NMFS wants to elevate the shortage policy, although upon further review on my part I do see how it applies only to M&I, so I am going to run that by my ARA and RA on a 1:30 call. I think they might be thinking about contract shortages in general and not the shortage policy, but I could be wrong.

I think I explained the I:E shift. I also broke OMR into 2 separate categories. Have a close look at that and let me know if you object.
