Whew! Got through this - - thanks for working on it. See my comments. I am hoping if you sit down with Russ and Kaylee, the three of you could live edit.

Maria,

Attached are three documents related to AMP. The first one is what I am working on. It is definitely a work in progress but would benefit from your review at this stage. A short description of each attachment is described below:

1. ROC Adaptive Management Plan: This is the document that I am working from right now. It is basically Dave Mooneys edit to the CWF plan to which I added back parts of the CWF plan and added other text to fit the ROC. I accepted all of his edit and all of the red-line and comments are my work. It seemed to be the cleanest way to work on this.
2. Dave Mooneys edit to CWF: I attached this so you could see just how much he edited the CWF plan.
3. The original CWF AMP: I attached this for your reference in case you wanted to look at a clean version

of the CWF AMP.
