**Attachments:** NMFS\_Charge\_V1.docx

All --

We need to act soon to get the peer review charge and/or questions and "advance" materials ready for providing to reviewers on April 20.

Attached and on server is an initial draft for all of these items. You can mark-up if you like, or we can discuss in person this upcoming week.

The last I heard, Rose, Hankin, and Skalski were all on board and being contracted.

Thanks,  
Cathy
