Subject: Re: Materials due by COB 4/4 Re: CA Water BiOps
Attachments: ROConLTO_Effects_050619mtg_FINAL.pptx

Alesia and others,

Here is the CVP Effects presentation that we will be providing to Reclamation this afternoon. The presentation really focuses on the most significant effects in the Sacramento River and the Delta and does not encompass our effects analysis for critical habitat.

Howard

On Mon, May 6, 2019 at 12:39 PM Alesia Read - NOAA Federal <alesia.read@noaa.gov> wrote:
I'll keep an eye out for the powerpoint later today and send it to Chris, Sam and NOAA.

Thanks,
Alesia

On Fri, May 3, 2019 at 4:42 PM Howard Brown - NOAA Federal <howard.brown@noaa.gov> wrote:

Hi Alesia,

I am planning to update the 3TM today and we are currently working on a powerpoint that we plan to walk through with Reclamation on Monday. The presentation is still in the development stage but it will be ready to share on Monday. I think that presentation would be helpful for the Tuesday conversation.

Howard

On Fri, May 3, 2019 at 12:56 PM Alesia Read - NOAA Federal <alesia.read@noaa.gov> wrote:

Any thoughts on this one? I want to give Chris and Sam a heads up on what our plan is.

Thank you,
Alesia

On Wed, May 1, 2019 at 9:49 AM Hannah Mellman - NOAA Federal <hannah.mellman@noaa.gov> wrote:

Hi Alesia, I'll double check and get back to you soon with an update.

On Tue, Apr 30, 2019 at 7:34 PM Alesia Read - NOAA Federal <alesia.read@noaa.gov> wrote:

WCRO -

Our next update meeting for NOAA is on 5/7 @ 11am EST. Would it be possible to put together a short update from the previous memo prepared? Or perhaps an outline with bulleted points to facilitate the discussion? Let me know what would work best. Also, I believe the meeting you'd be updating NOAA on is on 5/6, is that right? If that is correct, let me know and then I can let them know

we will not provide any update materials until later in the day on 5/6.

Thanks,
Alesia

On Apr 9, 2019, at 7:01 PM, Hannah Mellman - NOAA Federal <hannah.mellman@noaa.gov> wrote:

Hi Alesia,

Barry, Howard, and Maria can make the 4/26 - 8:30 PT meeting.

Barry cannot make the 5/6 meeting. He requests it be bumped to 5/7 or 5/8 but it looks like Stu may be out those days. On 5/10 Barry is available between 10:30 - 12:30 PST. Would that work?

On Tue, Apr 9, 2019 at 1:38 PM Hannah Mellman - NOAA Federal <hannah.mellman@noaa.gov> wrote:

Hi Alesia, I'll check.

On Tue, Apr 9, 2019 at 1:22 PM Alesia Read - NOAA Federal <alesia.read@noaa.gov> wrote:

WCRO -

After yesterday's meeting on California bi-ops, Stu would like to have two additional conversations on the topic. The first meeting would be the week of April 22 for 30 minutes and the second the week of May 6 for an hour for all of the same folks from yesterday.

Would these times work for the group?

4/26 - 11:30am (EST) for 30 minutes

5/6 - 11:00am (EST) for 60 minutes

Let me know if you all could make these times work on your end.

Thanks,
Alesia

Alesia Read -
NOAA Federal
<alesia.read@noaa.gov> wrote:

Hello again -

This was just
scheduled for
4/8, 3-4:30 EST
I believe. I
asked for a later
as we would
have a more
holistic picture
but they are
anxious to get
this on the
books and said
we could have a
shorter follow
up conversation.
Materials for this
meeting are due
downtown by
5/5 and to allow
for clearances, I
will need them
no later than
COB 4/4. In
terms of what to
include, they
have asked for a
deep dive. You
all will know
best on what to
include but
please do
include maps to
orient them. I
think it would
be useful to
include some
background on

how we've gotten to where we are, what NOAA's role is vs other agencies as a reminder, what is included in the BiOps that they need to know, key challenging areas, key decision points and any other context you think would be helpful.

Please let me know if you have questions as I know this is a quick turnaround.

I'm going to look to see if I can find some time for a quick pre-brief with Chris prior.

Thanks,
Alesia
