Good morning Meredith,

I am going to be giving a brief BiOp update using the attached presentation. Can you distribute this to the invitees?

Thank you!

Howard

Good afternoon,

We are preparing for the April 25 ROC on LTO update meeting and wanted to make sure the attached agenda looks acceptable to you both. Are you or someone from your offices available to provide a biological opinion update that morning?

We will have a webex/conference line and can print any materials you'd like for the meeting. Let me know if there's anything I can do to help support.

Thank you,
