Hey Sarah, I know you mentioned the ramping rates tables should be deleted (or was it updated?).
Please take a look at the attached and let me know if any of it should still be part of the terms and conditions.

thanks,
also, after that - take a look at the T&Cs document on the drive "working draft MASTER"
I made a few changes to some of your to add "reclamation shall" but also to rearrange language to first state what they shall do, then add in more discussion about why, or how it minimizes. I didn't do that to all, so see if there are others you can modify similarly.
