Subject: RE: Available models.xlsx

Hello Cathy, we will review and follow up. There are a lot of items requested, schedule will have to be a part of our discussion.

Thanks, Gregg

Gregg --

As promised (!), I've attached the table you sent yesterday along with a column indicating what we would like. There are a few points that we may want to discuss early next week. Also, if you need help in prioritizing, please let me know -- some divisions had stronger calls for things than others.

Hope this helps and thanks for providing the info!

Cathy
