Subject: RE: Adaptive Management Planning

Howard, thanks for thinking of us, we would definitely want to participate to assure consistency between the state and federal processes. Will DWR be invited as well. Carl

Carl,
We are starting conversations with Reclamation on adaptive management after the 3 Federal agency directors recently agreed to work together to modify the 5-agency AMF to fit the ROC on LTO purpose. I think that we are going to need CDFW at the table if this is going to fit into CESA/CEQA processes in the future and so I want to reach out to you early to see if you are interested and able to participate. We will probably hold a federal meeting first, next Wednesday, but I will want to open this to you soon after. Please let me know what you think.
Howard
