Katrina --

To build on this, could we also get similar figures for the William Pond temperature gauge (AWP) for March, April, May, July, August, and September?

Also, for both this request and the previous one (Watt Ave), for our record, it would be best for us to have tabular files of the data, too.

Thanks!
Cathy

Hi Katrina (again....) --

Is someone available at ICF or Reclamation who could gather and process temperature data to update the Figures 6-26, 6-28, and 6-32 from the attached pages from the 2009 NMFS BiOp? That would be very helpful for us.

Thanks,
Cathy
