The most recent SOS version is attached. There are still a few unresolved edits to the references section, but all else has been updated.

Thanks. Where's the SOS section?

Cathy—All yours if you have the capacity for someone to tackle the abbreviated SOS section for the BiOp.

Hi Garwin,

Today I worked on starting to draft Delta effects, attended the 508 and ROC on calls, had a call with Jeff to discuss Delta sections, and finished edits to the SOS document except for comments on references. Brittany is going to tackle references.

I'll clock in tomorrow at 7:30 am.
