**Subject:** Re: Use of Figures

Hi Cathy,

Yes, fine by me to use these. Having preliminary results mentioned on the caption would be great and citation of the IEP conference is also good.

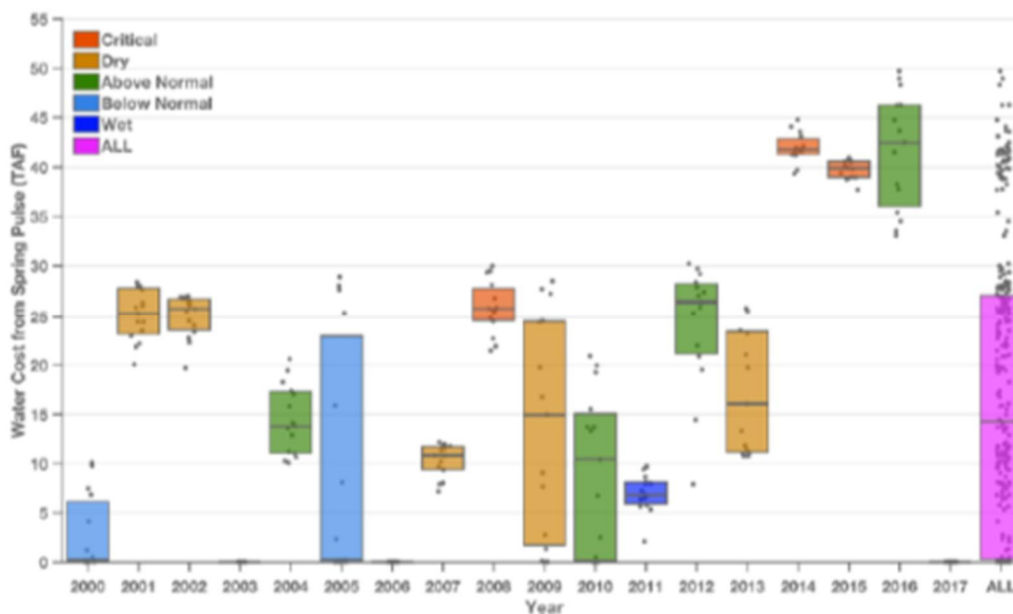

Thanks,  
Miles

Hi Miles --

Going back through email threads, I see that Evan asked if we could use figures from your IEP presentation in the BiOp, and you said we could. I've included two here that are currently in the draft section, and I wanted to check again to be sure it was okay to use them. And I'm happy to cite them however you like (we will include citation to your presentation, but if you want the caption to read "preliminary results" or anything like that, we can include that too).

Thanks!  
Cathy
