Garwin -- targeted comment for you from Maria to address (or assign someone to address) in the SR I&S. cc'ed folks -- FYI

All -- I have added this sentence from Maria to the intro section (noting that spring-run effects will be assessed) of both the Stanislaus River and San Joaquin River Effects sections.

In the Delta section, Maria added: "Note that in the Spring-run Chinook Integration and Synthesis Chapter, NMFS discusses the San Joaquin experimental population and associated 4(d) rule with respect to findings under this Biological Opinion[[NMFS1](#)]

[[NMFS1](#)] really hope we have a solid write up of this in the I and S; Garwin – can you look for the language I wrote in the performance metrics and make sure something similar is in I and S?"
