Subject: Afternoon review

Hi all,

Just letting you know I did spend a couple of hours reviewing the take tables and the terms and conditions this afternoon, as I said I would on Friday's call.

Wow! What a lot of work! especially on the take table. I didn't try to review all the details, but I am happy to do so if you want me to.

You know this, but I do see some unevenness with Delta filled out in detail, and other areas not filled out. I had expected to see more of the overarching categories in terms and conditions that Howard was going to fill in. I think that is still outstanding - - so I didn't see much related to the last several weeks of negotiations that I expected to see. This all just to say, please keep working on this as I know you will. I am planning to telework on Tuesday and Thursday next week to do more detailed reviews. Garwin, when are you going to send these chapters to ARA, legal, and Rosalies review planning backwards from the 7/24 draft release. I assume you are planning for a clean review sometime next week? Let me know.

- Maria
