Barry and Maria,

Attached is a 2 pager with resource needs and a very general schedule outline for our discussion tomorrow morning. I will be available after our call to make adjustments and distribute back to you and in time for your 1:30 call with Sam and others.

On a separate note, I am working closely with Garwin to chart out a more detailed schedule with specific milestones. We are going to need that finer level of resolution in the very near future.

Howard
