Subject: ROC Fish Coordination Meeting: papers to review
Attachments: I-E ratio alternatives_to Reclamation_2018-07-19.docx; 6a_Shasta reintroduction and water supply benefit.docx

Barry and Paul,

We thought it would be helpful for you to have two papers that pertain to our meeting today and ongoing discussions on the ROC on LTO. One paper is something that we provided to Reclamation in July that lays out some alternatives to consider for the I:E ratio. The second is a white paper describing the water supply benefits associated with winter-run reintroductions above Shasta.

Howard
