ok. Do your best to incorporate what you think Pablo/Ron may want and send me your revision. I will then go back to CVO

I'll take Reclamation's comments/edits under advisement as I revise our response (as discussed, we'll have to change it some as we are now responding to a Reclamation letter).

I'll leave it up to Reclamation-BDO to decide whether their comments are it, or whether they want to push for Reclamation-CVO's comments. For example, based on our last meeting, Pablo and Ron verbally suggested not including the bulleted list on the top of page 4, a suggested deletion that was not reflected in the attached. I can delete that list, but wonder how many other comments they may have.

Hi Ryan,

Attached are Reclamation BDO comments on your letter that will be drafted in response to our request to amend the Shasta RPA. Regretfully it does not include review comments from CVO. Please let me know if you have any questions regarding our comments.
