Renee Stone has requested no Hill outreach at the moment. But I'll certainly let you all know if I hear anything.

Thanks again and please do let me know if there are any new developments.

No worries. I just wanted to make sure you had everything on hand in case you needed it.

Thanks Ryan, this is sticky. Let me check in with folks here about a Hill notification now.

Hannah,

See below. SacBee already running stories on reinitiation and folks asking about Shasta RPA adjustment. We may want to get in front of this and send to hill. I sent Doug all three of the attached letters. Reclamation and DWR didn't want to do any rollout and aren't planning to reach out to the hill and I just didn't want to have this come back on us for not notifying. I leave it to your discretion.

Will is cc'd here in case he has other views.

Hi Ryan,

Hope you're doing well. I got Maria's out of office reply, suggesting I should contact you about this.

Thanks,
Doug

Subject: Reinitiation of consultation

Hi Maria,

I saw today's story in the Sacramento Bee, and was curious if NOAA has received a formal request for reinitiation of consultation. If so, would you please send it to me? Separately, I also noticed that the WaterFix biological assessment states that NOAA will adjust the Shasta RPA this year.

Thanks,

Doug
