Hannah,

See below. SacBee already running stories on reinitiation and folks asking about Shasta RPA adjustment. We may want to get in front of this and send to hill. I sent Doug all three of the attached letters. Reclamation and DWR didn't want to do any rollout and aren't planning to reach out to the hill and I just didn't want to have this come back on us for not notifying. I leave it to your discretion.

Will is cc'd here in case he has other views.

Hi Ryan,

Hope you're doing well. I got Maria's out of office reply, suggesting I should contact you about this.

Thanks,
Doug

Subject: Reinitiation of consultation

Hi Maria,

I saw today's story in the Sacramento Bee, and was curious if NOAA has received a formal request for reinitiation of consultation. If so, would you please send it to me? Separately, I also noticed that the WaterFix biological assessment states that NOAA will adjust the Shasta RPA this year.

Thanks,

Doug
