Subject: RE: Potential groups for phone intros

Hi Jeff,

Has a PPT been developed for the meeting? I was going to develop a few intro slides as part of my role up front in the meeting. If you can send me an existing draft, I can prepare a few slides and send back to you for incorporation into the final PPT. Please let me know.

Cheers,

Eric

The latter is simpler; I'd suggest making a game-time decision based on how many people call in (if more than ~20, may be worth the detailed list, if less, perhaps not).

Thanks,
Jeff

Thanks, Jeff. This is helpful.

Is the idea to go agency by agency, or just hit the "federal agency" category? The latter seems to be simpler.

Eric,

As we had discussed earlier this week, attached are a potential breakdown of the groups we expect to have on the phone/webex. When we ran through the list in this way last time, it made for a more orderly roll call. Let me know if you have questions or need additional info.

Thanks,
Jeff
