Good idea, I'll do that. I know he's been super busy, so I have felt really bad about bugging him. Thanks!

Thanks. Maybe next week when you ping him, ask him for a simple reply so at least you know he got the request. He's been swamped and pulled in too many directions, so I'm sure he'll get to it eventually, of course, with the assumption that he got it. If I remember, next time I chat with him I'll remind him as well.

Hi Garwin,

I wanted to let you know that I sent the notes over to Jeff for review last month. I have reached out to him a few times to check on the status of his review but have not heard back yet. I will follow up with him again next week, but realized that I should let you know that we are waiting on his response before finalizing those notes.

Have a great weekend!
