Hi,

They are trying to set up an agency pre-meeting in advance of the next workshop regarding Shasta RPA. I Accepted this time, thinking it was the slot I suggested that is before the CWF Principles call - but looking at it again, realize it is at the same time as that meeting.

And, looking at Garwins schedule, you have LOBO meeting now - can you miss that, or should we try and reschedule this meeting? **I planned on bailing on the LOBO meeting, considering how long and tough it has been to land on the pre-meeting for the Shasta RPA workshop.**

Cathy - Can Maria miss the Weekly CWF Principles call next week? I see there is a Monday meeting that I'm hoping negates wth Wednesday one, but am not sure.

Garwin, Barb: For this Pre-meeting, if Maria can't attend, should we keep it there and you attend **I think Maria needs to be at the Shasta meeting?** Or should I tell them it doesn't work after all, and look for other options? **Yes, but at this late date, I don't think we have the luxury of finding a date and time that is free for everyone, so hopefully all will be a little more flexible in bailing a different meeting to accommodate this one.**

And finally, if it does work next Wednesday, they want to know if we will attend in person, at Cottage Way, or by phone - is there a preference **preference is in person, with phone option. Given Kathryn's response, downtown is out of the question for the specific meeting, but if we have to reschedule, downtown would be preferred, either here or Reclamation-BDO** ? It can be made to work for Maria's schedule to attend in person if you think that is appropriate.

Thanks,

Thanks Aimee,

Do you think your folks are open to coming to Cottage Way? Federico has an 11 - 12 scheduled so there is no travel time in between meeting. Jeff can come here also. Let me know - I can also add a call in number.

Thanks

Hi,

The 13th from 10-11 looks to work for this meeting still. Thanks for checking,

Aimee

Thanks Jeff,

Aimee I am holding 9/13 10 - 11:00 until I hear from you.

Thanks,

Kathy

Aimee,

My apologies for the delay in responding; we've been re-situating schedules here on the fly this last week. I'm adding Kathy Osborn to this thread (EA for Federico Barajas); if 10-11 on the 13th is still available for this meeting, that may be the best time for us. If not then we'll need to try for another opportunity, and Kathy can help with coordinating schedules from our end.

Thanks,

Jeff

Hi,

9/6: 12-1 pm works for Maria and Garwin/ or 1-2 pm - May be able to open up this time if that works best for everyone else
9/12: Maria is not available all day
9/13: 9-10 am can work for both/ 10-11 am - works if there is no CWF principles call - which has been the case lately

Hope that helps,

V/R,

Aimee

Aimee, Garwin,

It's looking like 9/6 won't work out - let me know if any of the following times might work:

9/8 - After 12:00
9/12 - After 10:00
9/13 - Before 12:00 (less preferred)

Thanks,
Jeff

Hi Jeff,

I wanted to update you that Maria Rea **only has availability on 9/6 - 2-3 pm** currently. I have a hold on her schedule for this, please let me know if another date was selected and I can release it, thank you,

Aimee

Thanks, Jeff.

The "save-the-date" e-mail works for me.

cc to Aimee for scheduling of NMFS folks, but I did take a look at your suggested dates and times for the Reclamation/NMFS premeetings and initially identified the dates and times that work for Maria, Brycen, and me:

-- 9/6, 2-4 p.m.

-- 9/7: 2-3 p.m.

9/19: I'm not sure we can swing it, but I do think we need a 2nd meeting.

Garwin, Christina,

I'm getting ready to send out an email and calendar invite to the Shasta RPA group for the September workshop. Let me know if you have any edits/comments on the language below. Also, we should look at scheduling one or more agency pre-meetings in the next few weeks. Perhaps we could initially target the week after Labor Day - would the afternoon of September 6, after 2 PM be a good option? If not, perhaps September 7 before 11 or after 2? Then for a second meeting, we could look at the afternoon of September 19?

Thanks,
Jeff

Greetings,

Please Save The Date for the fourth stakeholder meeting to discuss the draft proposed amendment (issued January 19, 2017) to the Reasonable and Prudent Alternative of the 2009 NMFS Biological Opinion for the long-term operation of the Central Valley and State Water Projects related to Shasta Reservoir operations. A calendar invitation will follow shortly.

This meeting will be held:

Thursday, September 21, 2017

1:00 pm - 4:30 pm

2800 Cottage Way, Cafeteria Conference Room, Sacramento (location of Reclamation Regional Office)

This meeting will focus on two topics; 1) update on temperature operations for the 2017 Sacramento River temperature management season, and 2) update on system-wide analyses of the draft proposed amendment. More details, including a meeting agenda as well as call-in/web-conference information, will follow in the coming weeks. In addition, the agencies will be following up with a summary of the most recent meeting in the near future.

Please feel free to forward this message to anyone we may have missed that should be involved. Also please let me know if you would like to be removed from future emails on this topic.
