Subject: Logistics for Shasta RPA Amendment Workshop #4

Hi Jeff,

Mike Harty asked me to reach out to you in advance of Wednesday's conference call to see how I can help with any logistics for Thursday.

Please let me know if I can help with a draft agenda or PowerPoint, or if you need any logistical support on the conference call/webinar side. Feel free to reach out if I can be of assistance in any way!

Best,
Terra

Subject: Proposed Shasta RPA amendment workshop #4

Mike and Michelle,

Reclamation and NMFS have been discussing the analyses, timing, and presentations for workshop #4 scheduled for next Thursday, and agree that we're not ready for prime time. Rather, we're thinking about it being a conference call instead of an in-person workshop, and more of an update on what we've been working on. Questions for you:

- We think there is still a need for facilitation and notetaking, but that can be done in the comforts of your home offices. Would you agree?
- We think of next Thursday afternoon as "workshop 3.5" and more of an update, so we would still need to schedule workshop 4. Are both of you available (contracting, budget) to help us with that workshop?
- We should get on a conference call next week to discuss logistics associated with next Thursday afternoon, and also the next workshop. I'll block out an hour just in case. Jeff and I are available:
 - ++ Monday, 9/18: 7:30-8:30 a.m., 12-1 p.m.
 - ++ Wednesday, 9/20: 1-4 p.m.

-Garwin-
