Michelle,

Thanks! Any chance you can quickly add a "DRAFT" line to the header and possibly a draft watermark? I want to make sure we capture these as draft and subject to any stakeholder comments.

Thanks!  
Jeff

Hi Jeff and Garwin,

There were a few outstanding questions on the participant list that I was not able to address with the list Jeff sent me last night, but I went ahead and cleaned up that page so that it is ready to distribute. As with the last workshop, we have prepared 2 copies –

- one for your internal records with the names associated with each question and “\_Internal” at the end of the file name and
- one with the names removed for distribution to the group along with today’s agenda

Let me know if there is anything else I can help with prior to today’s call!
