Thank you both for the quick turnaround with revisions! As with previous meetings, I have attached both an internal version (that includes names) for your records as well as the version for public distribution.

FYI - I have not received any comments yet on the workshop #3 notes, and you had requested any comments be sent to me by this Friday (Oct. 6). Jeff, if you plan to send these notes out this week, feel free to have people send any comments to me for these notes as well. Let me know if there is anything else we can do to help!

Thanks,
Michelle

Hi Garwin and Jeff,

Here are the draft notes from last week's conference call. Garwin addressed my questions but has not had a chance to review the notes yet, so it may be easiest to have you both review them at the same time. Please send me any comments/revisions and I will compile two versions: one without names for distribution and one with names for your internal records.

Thank you,

Michelle
