Subject: Issue Resolution and Elevation - Invitation to edit

howard.brown@noaa.gov has invited you to **edit** the following document:

Issue Resolution and Elevation

Folks we started putting this doc together for the Trinity discussion today but want to use it to identify all of the areas where we have an issue impasse with Reclamation and then use it to brief Maria and Barry on elevation topics. I know some of you have already seen this doc, but Maria wants to go over it with me (and probably Barb and Garwin) on Thursday and maybe brief Barry on Friday, so I am sharing again just to share this note! Have a great weekend folks!
