Subject: concerns about sending "Trinity Issues" doc to Reclamation at 9am Friday?

Link to google doc attached.

Trinity Issues

I'd like to (after Justin and Sarah fill in some fish benefits in the morning) save as a Word doc and e-mail to the participants in Friday morning's Trinity meeting. I'd like to send around 9am for our 9:30 meeting. **Concerns?**

The "impasse items" are variations from the High-Level PA Comments" doc. Justin and Sarah and I can fill this in for our internal use, but might be a helpful common doc that both NMFS and Rec can send up our respective chains so that we don't have confusion about how the impasses are described. Our internal briefing would have an additional column (or more) with our thoughts on how important each issue is.
