**Subject:** Suisun Marsh elements of the ROConLTO consultation

**Jeff --** As I mentioned in our phone conversation, Garwin and Gary agreed that CCVO (as the lead on CVP/SWP ops, even though Suisun Marsh generally falls into CCO's area) would take the lead on Suisun Marsh elements of the ROConLTO BA. As the Delta section lead for the ROConLTO effort, please (a) take the lead on reviewing the Suisun Marsh elements of the Proposed Action and effects analysis and (b) check-in with Gary Stern occasionally with any highlights/concerns/questions.

I see two primary check-in points -- in the next week or two for your thoughts on the sufficiency review, and again in March/April during our effects analysis phase.

**Gary --** feel free to reach out to me, Jeff, or Garwin anytime if you or your staff have questions or concerns.

Barb
