Good morning folks (afternoon for me)

Here are the sections I have written as of now. I am including several files and will send them to you in three emails. I still do not have access on my govt laptop to the internet due to issues with the firewall security settings, so I am using my son's (Andrew) laptop to access the internet from the hotel. I can only get my laptop to access the internet at my son tim's home on his secure wifi domain. I will be working the next two to three days from the hotel to get this stuff done per your deadline. Guess I won't be seeing much of North Carolina.
