Subject: Re: ROC on LTO draft for Delta

Morning Barb,

On page 46 of most recent version (sent on 3/28/19) starting with sect. 2.5.6.7.1 inserted text describing the OMR management proposal into the proposed actions for south delta exports. Continued on with previous version text (now section 2.5.6.7.2). Starting on page 56 new sections are added for Delta starting with subsection entitled "Juvenile Loss Estimates using Loss Density Method" to complete steelhead section for salvage loss discussion. All new text from that point on.

Jeff, thanks!. Did you ADD specific sections, or did you change some text? Susan has been dropping your figures into the previous version and doing other formatting clean-up.

Susan, FYI.

All, Have uploaded this to: R:\Draft BiOp\2_ESA\2.5-2.6 Effects of the Action\Delta Division
