Brittany and Garwin -

I have applied styles, formatted, and reviewed for 508 compliance. Those things are complete for now. It has been saved as " Consultation History V2 srb".

I was unable to complete Endnote citations as I am still unable to work in that program when Norma has it open.

Brittany,

Thanks. My track changes are on the ROCON drive. If you're OK with them, we can just accept them, then Susan can do her magic, followed by broader internal review.
