Evan and team,

We received comments back from Rosalie on the life cycle modeling section, which I placed in the ROCON drive.

-- Please address all outstanding comments, and Rosalie's track changes, so in the end, we will have a clean document with only comment bubbles for references.

-- Note that I have been sending out task e-mails individually, and you may have overlapping tasks. If you need help with workload or priorities, Howard, Cathy, and/or I will be available to help.

Thanks.
