Hi Jeff,

I'm sure you likely have multiple things you are involved in...
Were you able to get started on drafting a plan/outline for Delta take?

thanks,

Hi Jeff,

Will be able to start drafting out the Delta take that we talked about last week (salvage), by early next week?
I know managers are anxious to see the ITS coming together by mid week (May 15).
At least having a thought out plan and outline (not necessarily all the text).
Brittany is putting together the ITS tables for species based on rows from the Effect/I&S tables.

I think you heard I will be in D.C. Monday/Tuesday (thinking of all you other award winners), but will be available some of the time via email, and you are welcome to text me as well:
