Howard,

Attached, for distribution to DOI/Reclamation, is a clean version of the life cycle model section of the effects section. Header and watermark are on the document.

Cathy--FYI, minor grammatical errors were fixed on both the track changes and clean versions, and saved in the ROCON drive (and clean version attached).

Garwin --

Attached (and on server shortly) is subject section, both clean with headers/watermarks for distribution, and with remaining comments. Note my note to rec -- I have an ask in to Cramer.

Cathy
