Garwin,  
Subject document is ready for you. All of Rosalie's and Maria's comments are addressed.

Note that I added a table - it is not linked to the text reference. There was one subsequent table that is linked, so the numbering needs to be changed.

Biking into the office now.

Thanks Cathy!

Yes, I need to finish addressing one elusive comment. Will let you know as soon as I'm done.

I did some work on the subject. Note the version increase to V6 and MASTER, which is on the server. Notably, I

- Inserted 2 row for beneficial effects; confirmed their contents.
- Reviewed for issues and acted on text directed to me.
- Marked comments as "done" if other comments indicated so. Outstanding comments are still normal.
- Added some LCM text.

- Tracks have not been accepted. But that can be done later.

I think Brian has some work on this in the morning. I'm out of it for....as long as I dont need to get back in!

I think I addressed all that I need. See you Friday! Gotta sleep....  
Cathy
