**Subject:** Fwd: First look at Monitoring for Take

Joe -- I see that Garwin assigned the monitoring issue to you. Note that at our Monday afternoon meeting, Jeff and Sarah (and you!) offered to help with division-specific elements.

Sarah has already pulled together the list of monitoring mentioned in Appendix C of the BA (attached). She and I were thinking that we could (a) add anything missing to this list, and then (b) use a table format to summarize whether/how take coverage provided (or not, e.g. maybe we defer to existing coverage for now).
