Hey Cathy and Garwin,

Here's what I plan to work on today:

- Revising the flow/survival write up. I finished a draft last night and shared with Brian (should have cc'd you, sorry) who responded with comments and revisions. I'll incorporate those and send to you, Cathy.
- Review the SRSC proposal for the 1:00 call.
- Modify/revise take for flow actions affecting redds. I had used ramping rates as the limit of take for juveniles but that won't work for redds. Sarah and I are going to come up with something else.
- I have Annual Security Awareness Training due today,
- Other?

Evan
