Actually, the exhibits are just spread sheets of the existing RPAs - so won't be helpful. They will have to do new sort, but the language on reporting and cost sharing in general I thought was helpful

Maria,

Do you have Exhibits A-C that you can forward? Section 2.2 says, "DWR and Reclamation shall be jointly responsible for satisfying the requirements set forth in Exhibit A. DWR shall be individually responsible for satisfying the requirements set forth in Exhibit B. Reclamation shall be individually responsible for satisfying the requirements set forth in Exhibit C."

Seems like the exhibits are where we could cut and paste language for the T&Cs.

All -

This MOU on cost-sharing could be helpful in drafting terms and conditions on reporting. It has specific frequencies and content on reporting that DWR and BOR have already agreed to do with each other. I'm thinking a cut and paste approach could be helpful. It also helps to specify that DWR is jointly responsible for Biop costs, which seems to be different than what is being messaged in the some of the meetings. Please make sure it gets in the right folder and in our admin record. Thanks

- M
