Subject: science center support table

Here is the draft ROC on LTO SWFSC support table from the conversation Cathy, Garwin and I had about science center support. It is very draft and needs more detail and probably some cost estimates so that we can roll this into a budget estimate, but it's a start and hopefully helpful for your conversation today. If folks want, I can turn this into a google doc for folks to edit and add to, just let me know your thoughts on how to make this more useful.

Howard
