**Attachments:** 2018-02-12 ShastaWorkshop4 Notes\_Responses\_Internal--GY\_mah.docx

Hi Garwin,

This fell off my radar because I never received any feedback from Jeff after several emails and voicemails last spring, so we did not distribute final notes from the 4<sup>th</sup> workshop. Here is a copy of the latest version that you had reviewed. There were a number of questions specifically for Jeff that need to be answered. I could reach back out to him and see if he can provide clarity on any of these questions and then finalize the notes. I should be able to finalize the notes within 1-2 days once I get Jeff's review and feedback. Sorry about the delay on this!

Michelle

Michelle,

Do you know if we issued/distributed the final notes from workshop #4?

-Garwin-

Hi Garwin,

I wanted to let you know that I just got off the phone with Jeff. He said that his review of the notes that we sent over last month is on his radar and he will be getting me his comments shortly. I should be able to turn them around for distribution the same day.

I also saw the invite for the upcoming Temperature Planning Workshop on April 25. It appears that this workshop is being led by Reclamation, but I wanted to check with you to see if NMFS was involved in the planning and if there was any need for support that we could provide.

I will hopefully be sending you those notes next week. Have a great weekend!

Michelle
