Thanks for this, Howard -- very helpful. Attached are some questions/comments/thoughts to discuss this afternoon -- no need to read in advance. I'll bring hard copies to the meeting at 2pm.

Folks,

Attached is a draft roles and responsibilities sheet for us to discuss this afternoon. The main goal of this is to make sure we have a common understanding our our individual and common roles and responsibilities for drafting the BiOp to make sure that we situate ourselves for success. Garwin, Cathy and I put this together before the furlough, so we really want to hear from you Barb, to make sure this matches your expectations. This is a "living" document and we certainly will welcome feedback today and moving forward.
Howard
